Report on Anti-Ragging Cell

The objective of Anti-Ragging is to create awareness among student teachers on menace of ragging, measures taken by the government of India to stop ragging in educational institutions. Secondly to prohibit ragging within the campus and thirdly to enable the student-teachers to establish an Anti-Ragging cell in secondary schools.

The Anti-Ragging Cell is active in our college of Education, which comprises of three staff members and two student representatives, of which our Dr. G.M.Shashikala, Assistant Professor, Co-ordinator of the Anti – Ragging cell. Meeting of the cell is held periodically and monitors students' behaviour and are vigilant of occurrence of any unfavourable behaviour. Freshers are given orientation regarding code of conduct during the beginning of academic year.

The II year B. Ed. students are trained to give awareness on issues of ragging during internship programme in secondary schools. During college assembly laws pertaining to ragging and the rights safeguarding the victims are highlighted upon. Articles and charts related to this topic are displayed on the notice board.

Since the college provides conducive environment, there are no complaints of errant behaviour. As a whole student - teachers find that the campus is free from ragging and mutual respect is observed among the student- teachers. All the student – teachers submitted an online Anti – Ragging undertaking. Online compliance report has been submitted .
